Aluminum
Super B Train
Grain Hoppers

why Platinum is your next trailer

1 Highest \$ Revenue Trailer

Lightest trailer based on **scaled weight** so you can haul more per load, to put more money into your pocket.

2 Most serviceable Trailer

Designed by mechanics with the maintenance technician and owner in mind.

3 Best cleanout in the industry

Platinums doubled angled slopes ensure the fastest and best cleanout in the industry.

4 Most Durable Trailer

High strength galvanized steel frames; high strength aluminum, UHMW wear parts, stainless steel components and fasteners used throughout to give best strength to weight ratio

5 Easiest trailers to keep clean

Platinums trailer is the easiest to clean throughout due to its smooth unobstructed and easily accessible surfaces

6 Most configurable

Whatever the need Platinum can find a solution
