Aluminum 7 Axle
Super B Train
Grain Hoppers

Why Platinum is your Next Trailer

1 Highest \$ Revenue Trailer

The lightest trailer based on **scaled weight** so you can haul more per load, to put more money into your pocket.

2 Most Serviceable Trailer

Designed with the maintenance technician and owner in mind.

3 Best Cleanout in the Industry

Platinums doubled angled slopes ensure the fastest and best cleanout in the industry.

4 Most Durable Trailer

High-strength galvanized steel frames; high-strength aluminum, UHMW wear parts, stainless steel components and fasteners used throughout to give the best strength-to-weight ratio

5 Easiest Trailers to Keep Clean

Platinums trailer is the easiest to clean throughout due to its smooth unobstructed and easily accessible surfaces

6 Most Configurable

Whatever the need, Platinum can find a solution!
