Super B Train
Grain Hoppers

Why Platinum is your Next Trailer

1

Highest \$ Revenue Trailer

The lightest trailer based on **scaled weight** so you can haul more per load, to put more money into your pocket.

2

Most Serviceable Trailer

Designed with the maintenance technician and owner in mind.

3

Best Cleanout in the Industry

Platinum double angled slopes ensure the **fastest** and **best** cleanout in the industry.

4

Most Durable Trailer

High-strength galvanized steel frames; high-strength aluminum, UHMW wear parts, stainless steel components and fasteners used throughout to give the best strength-to-weight ratio.

5

Easiest Trailers to Keep Clean

Platinum trailer is the easiest to clean throughout due to its smooth unobstructed and easily accessible surfaces.

6

Most Configurable

Whatever the need, Platinum can find a solution.
